

Dear Tony and Dawn,

Wow! What a week for Nathaniel. To watch him with one of his earthly heroes. Tony you're a man that played the game that he lives and breathes. But will never play off his play station. He often asks me, "Mama would have made a good football player?" and I say "One of the best buddy!" Then he'll say "Isn't there anyway I can play in this chair?" And I say "Honey you, your chair and a football field now that's a dangerous combination".

We both enjoyed the week and yes I did go to the doctor that Saturday and get on some meds for my respiratory issues. I knew coming that I might have a problem in the woods, but I had to get him there.

Praying daily for you and your new little family. And will continue to hold you both in our hearts always. May the grace of God carry to and through what ever comes your way.

A sister in Christ,

*Beth Walburn*

Beth Walburn (Nathaniel's Mama)

*I miss you.*

*Nathaniel*
